

Adobe® Acrobat® Connect Pro

Easy-to-use Web Meeting Service for PC and Mac

Why Adobe Connect?

- ✓ **No Download**
Moderators and participants do not need a download or plug in to use Adobe. There is no need to reconfigure firewalls. Adobe also works with Macs and PCs
- ✓ **Integrated Audio**
With integrated audio, recording is a breeze and the experience for you and your attendees is seamless.
- ✓ **Outlook Integration**
Send meeting invitations through Outlook and include the URL to your meeting.
- ✓ **One Tool - Many Uses**
Use for internal meetings, HR training, sales presentations and lead generation. A flexible service to meet your many needs.
- ✓ **Simple User Interface**
Adobe is easy-to-learn and easy-to-use. The screens are designed to be simple and intuitive.
- ✓ **Customizable**
Brand your meeting space and give users a customized experience. Keep the same URL for every meeting.

Integrated with our *ExpressDial* on-demand audio conferencing service, Adobe Acrobat Connect Pro offers the ease of instant conferencing and large webinar events. Designed to work on both a Mac and PC, Adobe works with 98% of computers that have the Adobe® Flash® player -- no plug-ins or extra installations needed. Save money and improve productivity by holding meetings or conducting sales calls and trainings.

Most Popular Features

Screen Share
Share your screen by opening your desktop, an application or just a designated window area.

Audio Conferencing
Control *ExpressDial* integrated audio conferencing service right from the web interface.

Whiteboard
Markup what is being shared. Works like a meeting room whiteboard.

Webcam Video
See participants on your webcam and add video conferencing to the call.

Chat
Instant message one or all of your participants without interrupting the meeting.

Personalized URL
Keep a permanent URL so that participants can always use the same link to attend a meeting.
