

Cisco WebEx®

The Market Leader for Meetings, Trainings and Events

Why Cisco WebEx?

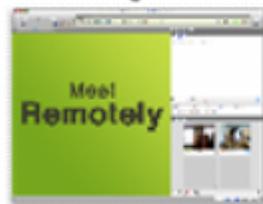

- ✓ **Market Presence**
WebEx is the largest, most widely used web conferencing service in the world.
- ✓ **Excellent support**
Online and live support are available directly from both ExpressConnect and WebEx.
- ✓ **Custom Versions**
Use different versions designed specifically for meetings, trainings, events and customer service / technical support.
- ✓ **Integration for Invites**
Invite participants from Outlook, Lotus Notes and IM applications.
- ✓ **Event Capabilities**
Use WebEx Event Center to brand, customize, and manage events using Q&A, polling and registration.

The market leader and pioneer in web conferencing, Cisco WebEx® is most appropriate for companies who need customization for users who manage larger scale events, conduct training, need access to desktops for customer service or hold company-wide meetings. Use WebEx on both a PC and Mac with different software versions designed for e-learning, large events, meetings, customer support and marketing functions.

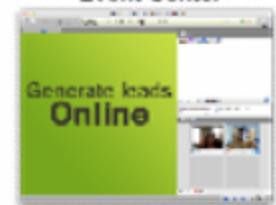

Select the WebEx Solution Specific to Your Needs
